### **Beginning Balboa (AT) New**

5 1-hr classes

Balboa and Bal-Swing are dances that originated in the crowded ballrooms of Southern California and were popular in the mid 1930's. The Balboa is most loved for its fancy footwork, finesse, subtleties, and ability to be done quite easily at fast tempos. The

Balboa is done with a closer torso to torso type connection and is the perfect dance for working on leading and following body leads. Bal-Swing: with its open body connection, developed when the strict Balboa and California style swing dancing were combined. Bal-Swing and its bigger, "crazier" movements would often times get you kicked out of the ballrooms back in the day! Come and be a rebel and learn Balboa with us! To see that the Balboa looks like, please check the video of [www.GetHepSwing.com](http://www.GetHepSwing.com) or [www.AllBalboa.com](http://www.AllBalboa.com).

No partner is needed for this class. Dress in comfortable clothing and wear shoes that are a bit on the slippery side. Leather soled shoes are perfect for this foot particular dance. We recommended that the ladies in the Balboa class wear at least a small heel.

**Beginning Lindy Hop (AT) New**

5 1-hr classes

Lindy Hop is the original form of swing dancing that originated in the ballrooms of Harlem, NY in the late 1920s/early 1930s. It is done in 8 counts rather than the Jitterbug's 6 and therefore allows you to match the music much better. It is a bit more linear versus the circular Jitterbug too. The Lindy Hop is a tiny bit more difficult to learn but oh so worth it! When you begin to master the swing out, circle, inside turn, outside turn, RJ, and more...you will have a sense of overwhelming euphoria and true connections to the music! For examples of the Lindy Hop think of the dance scenes in the movies "Swing Kids" or "Malcolm X" or to the video section of
